Dear Mr. Bull:

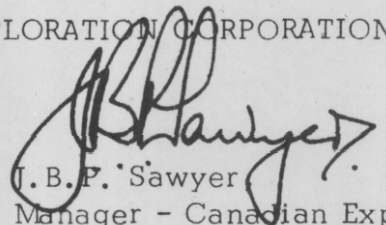

Since you apparently did not receive an earlier letter regarding your copper prospect, north-west of Lytton, I am writing now to confirm our decision, as discussed recently with you in this office.

We did review the report which Dr. Kikuchi made for us on the results of his visit to your property and on the basis of this report, having regard to our other opportunities and commitments, we decided that we would not be able to undertake any further investigation of your property.

We appreciate the opportunity to consider this prospect and wish you success with your further work program.

Yours very truly,

CYPRUS EXPLORATION CORPORATION, LTD.
