

Note: Discrepancy - Glenside Cr. shown relative to picket lines, but government maps show west border of L. 993 on east side of Glenside Cr.

Note: Magnetometer traverses not looped or closed. Breaks in traverse within a line indicated by this symbol:  $\times$

51000 gammas subtracted from absolute value (vertical comp) before plotting mag. reading.

Map No. 1  
 Map Showing Results of Magnetometer Survey on  
 Tio Buracho Group  
 To Accompany Report by H.H. Shear, P. Eng.  
 Zones of gamma highs  $\bigcirc$   
 Zones of gamma lows  $\text{---}$   
 Soil assays  $\left\{ \begin{array}{l} \text{high} \\ \text{medium} \end{array} \right.$   
 Group Boundary  $\text{---}$   
 1 inch = 300 feet.  
 Drafting by H.H.S. and I.R.M. Oct., 1966
