JUNE 21st 1971

CYPRESS EXPLORATIONS CORPORATION LTD:
510, West Hastings Street,
VANCOUVER, 2,
B. C.

For kind attention of Mr. J.B.P. Sawyer.

Dear Sirs,

OUR SIWASH CREEK PROPERTIES

Thank you for your letter of June 4th in which you express some interest in this area and your willingness to visit the property when our men are working there.

Our crew were ready to begin work when we learnt that the approach road to the property is out in two places and we are taking steps to have this remedied in so far as it is in our capacity to do so; this will result in some delay but we shall keep you informed.

In the meantime perhaps you would like to persuse the enclosed report and study the maps which we hope will be of assistance to you and your representative in planning an examination of the two sets of claims referred to in the report. When you have had the opportunity of making such extracts as you may want and taken copies of the maps themselves we shall arrange to pick up the report from your office at your convenience.

Yours very truly,
DIANA EXPLORATIONS LTD; (NPL),

Thomas W. Connell,
Director

Mr. Thos. W. Connell,
Director,
Diana Explorations Ltd. (NPL),
402 - 207 West Hastings Street,
VANCOUVER 3, B.C.

Dear Mr. Connell:

We wish to acknowledge with thanks your letter of July 27th advising us that you will have people on your Siwash Creek properties during August, and that it would be in order for us to make a visit to the property during that period. We will now make plans to get up to the property and will advise you further when we have definite dates.

Yours very truly,

CYPRUS EXPLORATION CORPORATION, LTD.

JULY 27th 1971

CYPRESS EXPLORATION CORPORATION LTD:
510, West Hastings Street,
VANCOUVER, 2,
B. C,

For the kind attention of Mr. J.B.P. Sawyer.

Dear Sirs,

SIWASH CREEK PROPERTIES

This letter is to inform you that our men are now working on the two groups of claims comprising our above properties where they have some fiftytwo miles of line cutting to do and to take about 1,000 soil samples for assaying as they go along. This phase of the work is expected to be completed about the end of August and the visit of your representative to the property during the next few weeks would be welcome.

Anything that you would like us to do to facilitate your visit we shall be pleased to do; the work is under the direction of Mr. Uno Leis, B.Sc., from whom you can expect every cooperation.

Yours very truly,
DIANA EXPLORATIONS LTD. (NPL)

Mr. Thomas W. Connell, Director,
Diana Explorations Ltd.,
402 - 207 West Hastings Street,
VANCOUVER 3, B.C.

Dear Mr. Connell:

Thank you for your letter of November 5th, and for
allowing us to review the reports on your Siwash Creek properties.

Since you will be having men on the property next
summer to carry out some further work we will attempt to visit
the property during that time.

Yours very truly,

CYPRUS EXPLORATION CORPORATION, LTD.

For the kind attention of Mr. J.P.B. Sawyer.

Dear Sirs,

OUR SIWASH CREEK PROPERTIES

We have to thank you for returning to us the reports dated January 26th and September 27th 1971 respectively as prepared by our Engineer, Donald W. Tully, P.Eng:

If at some future time when you may be planning your budget for expenditures in this country you would care to see the reports again please do not hesitate to call the writer. Perhaps you will be able to visit our property next Summer as you proposed when we will be doing some more work.

Yours very truly,
DIANA EXPLORATIONS LTD: (NPL),

June 4, 1971

Mr. Thomas W. Connell,
Director,
Diana Explorations Ltd.,
#402 - 207 West Hastings St.,
VANCOUVER 3, B.C.

Dear Mr. Connell:

This will acknowledge receipt of your letter dated June 1st regarding Siwash Creek properties.

We did hold a number of claims on Siwash Creek in 1969 and 1970 through a joint venture between our subsidiary, Quality Exploration Corporation and Spa Mines Limited, however, we abandoned the joint venture in June 1970 and all of the claims reverted to Spa Mines.

The geology in this general area is interesting and in spite of the disappointing results on the Spa ground, we continue to be interested in the general area. We would, therefore, be glad to take advantage of your invitation to visit your Amanda and Paco properties while your men are working there. We do have an extremely full program which results in a fairly tight schedule for myself and our other staff geologists, however, I am sure that one of us will be able to visit the area sometime during this summer. If you could let us know when your men will be there and perhaps suggest a suitable date, we can proceed from there.

Yours very truly,

CYPRUS EXPLORATION CORPORATION, LTD.

JUNE 1st 1971

QUALITY MINING CORPORATION,
C/o CYPRESS MINING COMPANY,
510, West Hastings Street,
VANCOUVER, 2,
B. C.

Gentlemen,

SIWASH CREEK PROPERTIES
SIMILKAMEEN DIVISION OF MINING

We understand that your Company is the holder of a considerable number of claims in the above cited area on which you have had done a certain amount of exploratory work.

We ourselves are about to continue with the work which we began last Fall on our "AMANDA" and "PACO" groups, commencing with the line cutting and soil sampling and then the further geochemical and geophysical work following on the stages recommended by Donald Tully in his last report.

Would you care to send your representative on to our property whilst our men are there? It is hoped that our work will prove up and be complimentary to what we have already done and create sufficient interest to promote a joint venture embodying your claims, assuming that they are reasonably adjacent to our own claims to attract your attention.

Yours very truly,
DIANA EXPLORATIONS LTD: (NPL),

Thomas W. Connell,
Director.

TWC/ss.
