

Notes on Kirkland silts

Aug. 23-

812588

Edgar Lake Area

silt #65 - West shore of lake, ~9000'
south of camp

small seep, f.-m.g. sand

silt #66 ~9,000' s. of camp

creek 24" wide, 6" deep - fairly fast f.-m.g. sand

silt #67 ~8,500' ^{south of camp} v 18"x2" creek slow

mainly silt

silt #68 ~7500' south of camp

pothole in stream mainly med-coarse sand

silt #69 - ~7000' south of camp

fairly slow creek through meadow

mainly fine sand

silt #70 ~6900' south of camp

fast creek 12"x6" mainly med-coarse sand

silt #71 ~6800' from camp creek 18"x4"

fine-med. sand

silt #72 ~6500' south of camp creek 24"x12"

fairly fast: silt and fine sand

silt #73 ~6400' south of camp fairly fast

creek 12"x8" f-mg sand

silt #74 ~3600' south of camp creek

18"x6" silt to med. sand

silt #75 ~1600' south of camp

slow stream 6"x2" silt and fine sand

silt #76 rapid stream 12"x6" fine to

coarse sand

Aug. 24, 1968

Traversing due west of camp

silt #77-3540' West of camp stream 24"x6"

fairly rapid flow - mainly silt (may be
high in organics)

silt #78 ~5850' W of camp

slow creek 18" wide, 3" deep

silt and fine sand

Silt #79 ~6200' West of camp

fairly fast creek 3' wide x 1' deep

silt to med. sand

Silt #80 ~6450' West of camp

slow, small 8"x1" creek

silt to fine sand

Silt #81 ~6450' West of camp

fairly slow stream 12"x4"

mainly fine sand

Silt #82 Northwest of camp

same creek as #81

mainly fine sand

Silt #83

Northwest of camp

fairly fast creek 3'x1' - probably the
same creek from which silt #79 was taken

fine to med. sand

Silt #84

Northwest of camp

fairly fast creek 24"x6"

August 25

Silt #85

Southwest of camp

3'x6" fairly fast flowing east
silt to med sand
