Dear Tony:

My apologies for the long delay in getting back to you on your Redfern Lake property in B.C. I have not been in the office very much for the last couple of months and I'm off again this morning for the rest of the week.

Regarding the Redfern Lake area, I suppose there is the distinct possibility that it is not even available anymore. However, we would be interested in reviewing it further and I will try to get in touch with you next week with a view to a trip up to Edmonton to meet with you on it.

Yours very truly,

Dear Paul:

Further to our telephone conversation today, I am enclosing a copy of a report on a geochemical survey which we recently completed on our claims north of Redfern Lake, British Columbia.

This report was written in haste, but I believe it contains all the pertinent facts.

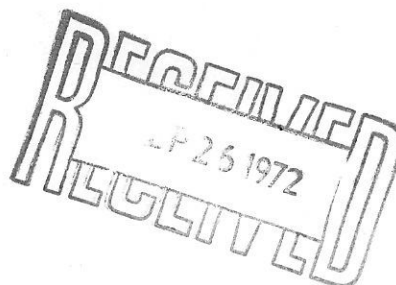

If you find the property to your interest or if there is anything further you wish to know, please contact me or John Greig at the above number or address.

Dear Tony:

Glenn Simpson has just advised me that the Redfern Lake property is no longer available. While we regret that we will not be able to work with you on this property, I want to assure you that we understand your position, and have no quarrel with your decision. I would like to point out that as far as this office was concerned, the appropriate recommendations, budget requests, etc., were prepared earlier in November and submitted to my superiors in Los Angeles. I make no excuses for Cyprus's inability to make decisions at the senior management level and would just like to express my appreciation of your patience in holding up the deal for as long as you did in an attempt to accommodate us.

We wish you success in your 1973 programs and will be pleased to consider any other proposals you might feel brave enough to risk directing our way.

Yours very truly,
