Mr. D. M. Baird,
Box 2754,
WHITEHORSE, Y.T.

Dear Mr. Baird:

First of all I apologize for taking so long to answer your letter of April 2nd.

I am afraid that because of our considerable program on the Adanac property we will not be able to take any interest in your properties this year. However if it is possible at some time for us to examine this year we will contact you.

Enclosed are the map and assay sheets which you sent.

In the meantime, best of luck in your prospecting.

I am sorry not to be able to sign this letter myself.

Yours sincerely,

Paul M. Kavanagh

Dear Sir:

As to your request when I met you in Whitehorse, I am sending you the following information on property north of Athol, B.C.

This property consists of 36 claims. It is situated on Spruce Mountain, south-west of Surprise Lake. These claims are known as the Faith Claims.

I find the bedrock consists mostly of chert and peridotite. There are several

Large quartz veins, some as wide as 12 feet. The one quartz veins I have traced approximately two miles. Throughout the quartz I have found samples of Galena which has 50 to 60 ounces of silver.

Much of the quartz and bed rock contains pyrite cubes, and also calcopyrite.

I have prospected this property for mainly gold and silver, and I find that there is silver throughout.

Enclosed you will find some assay tickets and a map.

We have not set a definite price in this property, but need to realize

3

a cash amount of Twenty-five thousand dollars (\$25,000.00) to cover work we have in the past five years.

Any further amount will be acceptable in shares or cash.

If you are interested you may examine this property at your earliest convenience.

Am looking forward to hearing from you.

I remain
yours truly

D Baird
