Dear Paul;

I am enclosing a preliminary geological report on the H & D Silver property that perhaps would interest your group. An examination can be arranged by contacting either myself or Dave Evans, 1204 Josephine St., Nelson, B.C.

The prospector, Hank Paterson is anxious to dispose of the property so I am sure simple terms could be arranged if you decide to option or purchase same.

I am now working out of Calgary mainly involved with oil so I cannot handle this myself. Please confirm any interest you may have regarding this property.

Yours truly,

*Mike Cooper*
