Subject Morrison Lake Group - Magnetic Map

Date February 23, 1968.

Babine Lake Area, B.C. - (Asst. No. BC-10 in 1966)

Gavin Dirom who consults for Buttle Lake and Trojan telephoned me today to ask if he could have a copy of the magnetic map for this property. He wants the map for the purposes of a report he is compiling for that company. He does not want the map for publication.

The assessment report including electromagnetic and magnetic maps is now available in Victoria or in Smithers. The information is therefore public knowledge. Under the circumstances, I can see no harm in letting Dirom have a copy. Dirom has been fairly co-operative in providing information whenever I have telephoned him so I am inclined to go along with his request. He is furthermore prepared to trade geochemical information which has been compiled in return. Please let me have your views as soon as possible.
