10.

Sorry, this list ^{PER} was to be included with the colored claim map sent yesterday. No information can be found on any of these 10 listed claims. (crown grants)

Also, a block of crown grants east of the Monte Cristo Mnt owned by A. Sideco of Trail looks interesting. We will try and contact him to see if he has any plans etc.

Take Care,

Guy

Fred,

The claim block (in light green) just north of the border is Sulphurets gold corp ground. They have optioned the Ridge (988), Kay 1-8, and the Tel Group (888) from Mike Delich. This is probably the claims he was referring to last Saturday.
