Mr. Verne Hopkins,
Forest Ranger,
B.C. Forest Service,
R.R. #2,
Kelowna, B.C.

Dear Mr. Hopkins:

This is to advise your office that we plan to carry out a limited drilling program on the Knight claims situated 7 miles west of Rutland ($49^{\circ} 48'$; $119^{\circ} 15'$). The work will require extending existing roads and clearing a minimum of 4 drill sites. Some cutting of timber will be necessary and a "Licence to Cut" is requested. A sketch is enclosed indicating the proposed road extension and drill sites locations. If any further information is required, please let us know.

Work is expected to start on or before February 1, 1977. I expect to be in Kelowna between January 17 and 20 and will drop into your office at that time.

Yours truly,
KERR ADDISON MINES LIMITED

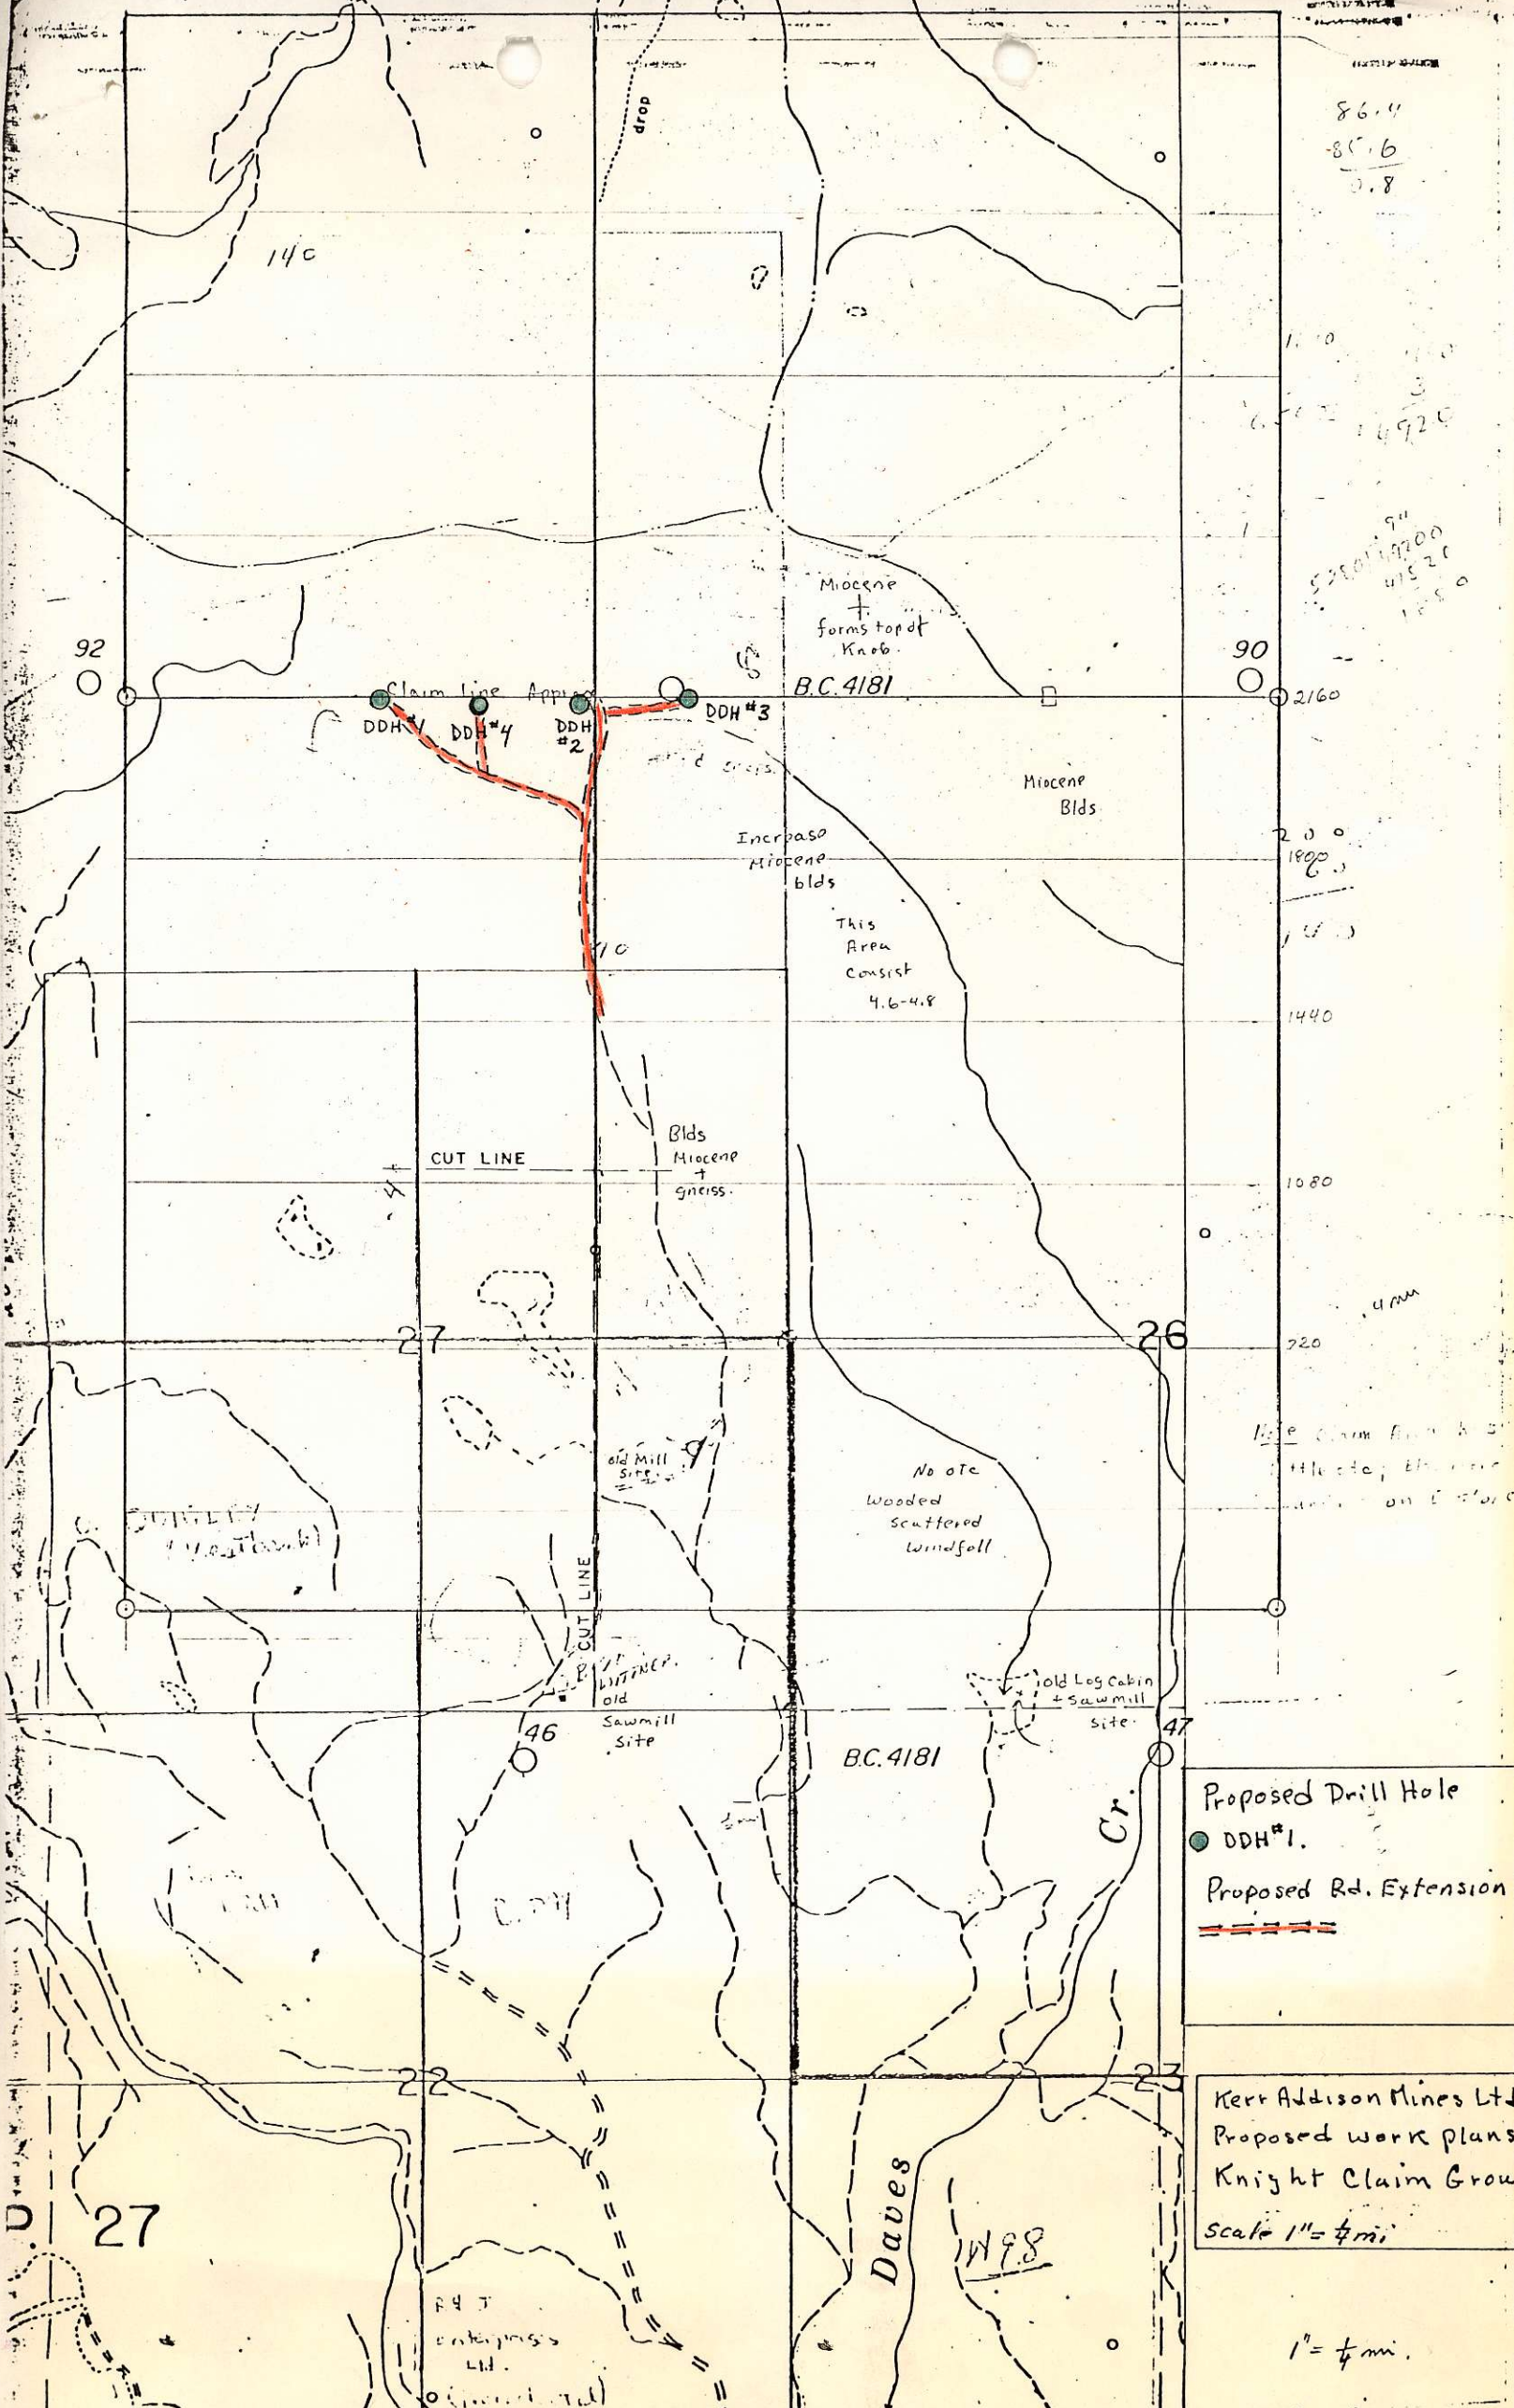

John C. Lund, P. Eng.
Sr. Expl. Geol.

Encl.
