IMPERIAL METALS CORP.

May 13, 1982

John McGoran of Imperial Metals Corp. in Vancouver phoned and indicated that they have several MS prospects on Vancouver Is. I indicated that CFC would be interested. He has or will not show us any data at this point but indicated he would be willing to chat about it. They expect to do an Input survey in June. I indicated that I would be in B.C. in July and suggested that we talk at that time. — this seemed agreeable.
