Dear Ms. Plimley;

Thank you for forwarding your data on the Wabana I/II claims to us for our perusal.

At the present time we are not interested to becoming involved with the property. However, our work in the area is ongoing and if our priorities change we may consider it again at a later date.

Yours truly,

Harold Gibson
Senior Exploration Geologist

Dear Mr. Gibson:

I am writing with regard to some staked mining property I recently acquired. It is situated in the Sicker belt just north-northwest of Cowichan Lake.

I have enclosed a map for your reference. The property is registered in my name only, as Wabana 1 and Wabana 2.

A few years back Cedric Steele of International Cherokee Ltd. was prepared to negotiate on this property with the previous owner. Also, Shelly Lier, a Vancouver geologist, did a preliminary investigation of this property and was very favourably impressed.

I wish to dispose of this property. At present I have one offer under consideration but will entertain all other offers for a reasonable period of time.

Due to the recent activity in the area I thought your company might be interested.

Sincerely,

Linda Plimley

Dear Mr. Gibson:

Further to our telephone conversation I am enclosing a map with a rough indication of the samples taken from the property. I have also enclosed the initial assay reports.

I would like to emphasize that the samples were surface samples only as funding prohibited drilling. However, there was very good gold samples taken by dredging from the river crossing through the property.

Sincerely,

DIVERSIFIED PROPERTIES LTD.

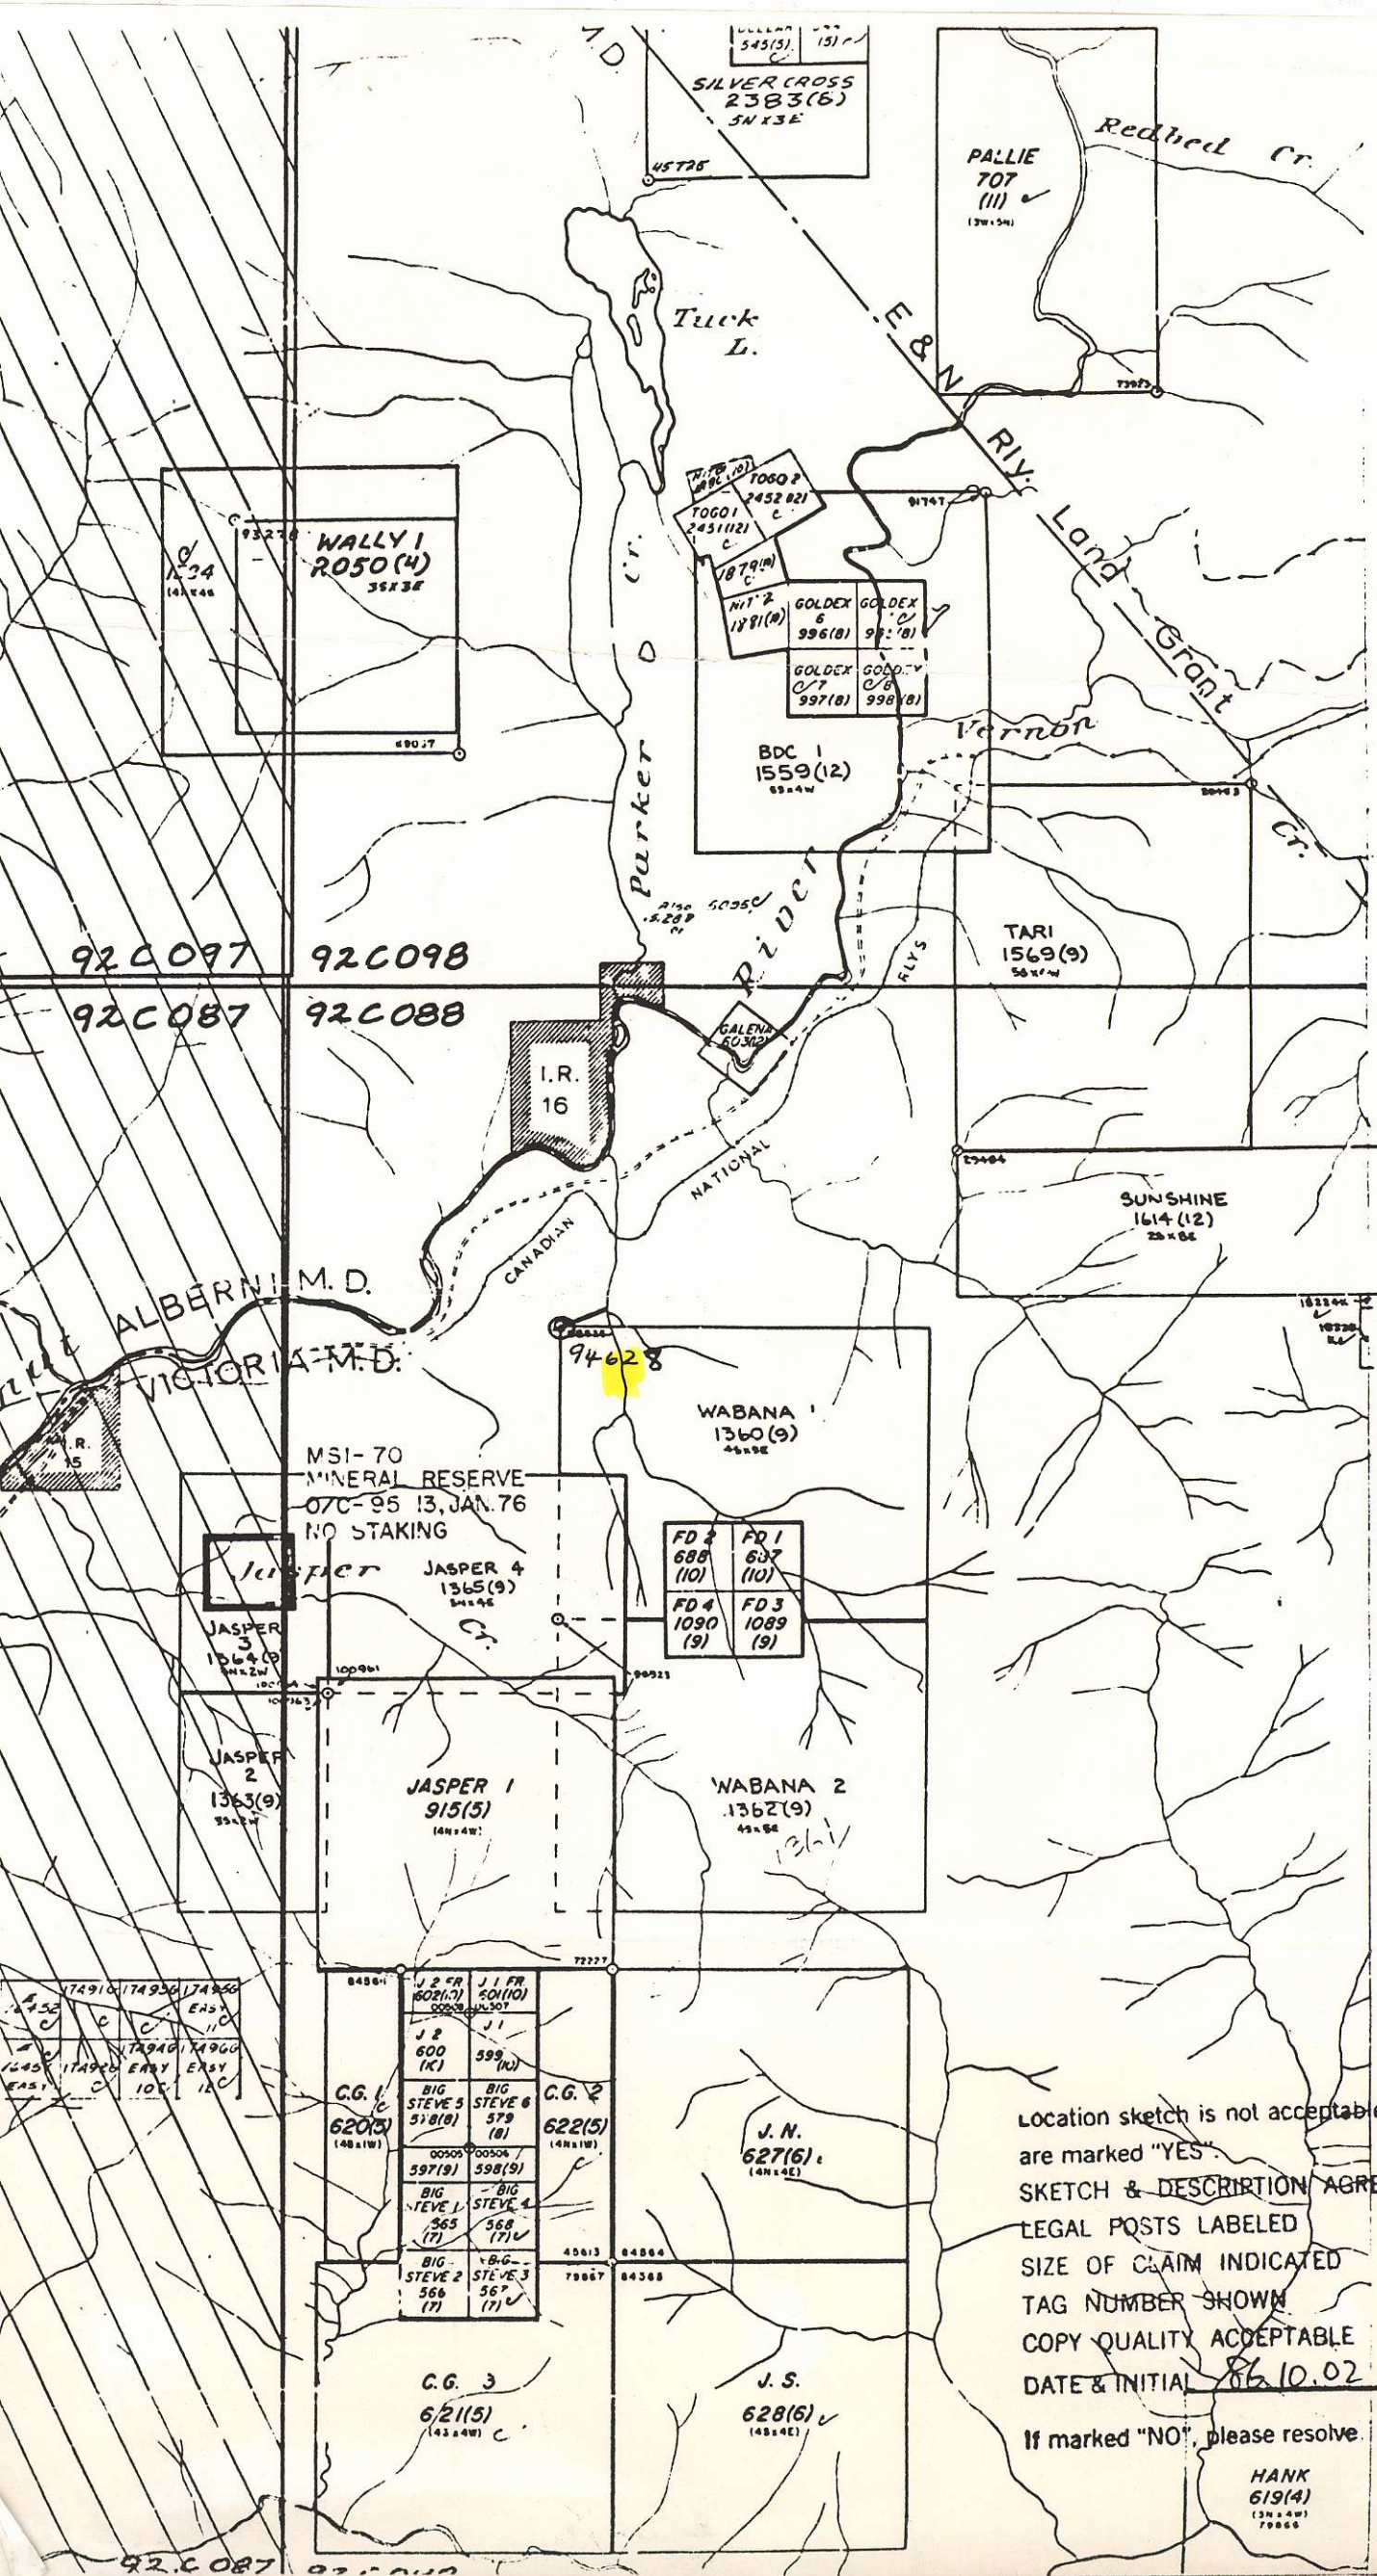

Linda Plimley
