To P. M. Kavanagh

From Lynda Krupp

Subject Coded Messages, Iatlayoko Lake Project Date July 15/68

The following was received by radio-telephone from
Fred Chow today at noon:

WGOB WGHA LMWB JYHF XZKQ RQQM NOXA KQWO JQYJ XAHV TQQM
XAQH JGNH HFQH XQRB HFHV QANL YL

W.S.R.
K.C.G.
J.H.S.
E.F.
R.D.S.
B.C.B.
P.M.K. ✓
G.W.M.
R.O.M.
C.K.W.
J.B.S.
G.P.R.
K.F.L.
L.B.
E.C.J.

I had considerable difficulty interpreting Fred's message,
the following is what I came up with:

WG OB WG HA LM
"Mineralization discovery. Mineral low in 2 4 0 I N T P
Lanes far apart, more work required".

???

2 joint planes far apart,
more work needed.

call with Bill, July 17th.

dissim. min. - banded somewhat
sy. & granod.

on Moore Peak 92-N sheet.

Lat 51° 17'

Long 124° 20'

- mly float - possibly also in place
- source probably within granites

q + py main
pyre & mly minor

Lynda.
