Herewith John Lund's report on Adam Thomson's property. I have written to Adam who has a Cobra drill to see if we could pay him and an assistant to obtain the bulk samples under John Lund's supervision.

When I queried Adam about a deal he simply said that he was quite sure that there would be no problem in this regard so it is simply a matter of making a proposal to him. I feel however that since they could get snow in that area in the very near future, that we should try to accomplish the bulk sampling before getting involved in the type of deal we think would be suitable. I do not imagine the bulk sampling would take more than a week or 10 days.

REFERENCE MEMORANDUM

DATE Nov. 24 1969

THE ATTACHED PAPERS ARE REFERRED

J

Herewith John Lund's report of the bulk sampling on this property.

Only one 14" sample returned good gold values (0.610 oz) and the prospect therefore is not sufficiently attractive at this time to justify further work. I will so advise Adam Thomson.

Bice

W. M. Sirola.
