Dear Nick,

Cheers for the new year. I hope you have a good one.

I would like to thank you for submitting properties to Kennecott Canada via myself last year. As per our discussions, while the Trail Peak property is of interest, Kennecott will not be pursuing the property at this time.

I was unable to follow up on the Red or New Moon properties last summer but have sent a copy of the summary reports to Russ Cranswick in the Vancouver office who is looking at massive sulphide properties for Kennecott Canada. Hopefully, I can arrange a joint tour of the properties this summer with Russ and myself. If you will be in the area, please contact me so we could possibly arrange to do this with you.

I have enclosed analysis from core samples I took from the Trail Peak property.

Looking forward to continued association with you.

Sincerely,

Hans Smit  
Geologist
