

**LEGEND**

- 22 Glacial deposits and recent alluvium
- 17 a) hb-bio and bio-qtz monzonite and granodiorite  
e) gneissose bio granodiorite/diorite, augen granite
- 6 SNOWSHOE FORMATION
- 5 MIDAS FORMATION
- 4 YANKS PEAK 'QUARTZITE'
- 3 YANKEE BELLE FORMATION
- 2 CUNNINGHAM LIMESTONE

NOTE: Units described in text

- Small rock outcrop . . . . . X
- Geological boundary (def., approx.) . . . . .
- Bedding (inclined, vertical) . . . . .
- Schistosity and cleavage . . . . .
- Fault (def, approx, assumed) . . . . .
- Anticline, approx. (upright, overturned) . . . . .
- Syncline, approx. (upright, overturned) . . . . .
- Lightning Creek Axis . . . . .
- Dry weather road . . . . .
- Logging road . . . . .
