

I. P. EFFECT

— Argillites over Quats lime @ Alice L. & Iron R.

750' " over Rhyod. @ Cape Parkins

— Petrog. evid (J.M.) suggests enrichment in Na (calc-alkali → alkali)
for Bonanza in general

— DIOR IN #4

PFE suggests dior. ct. rising with tongue to SW
Resis → permissive of something similar

Fault between #1 & #4?
