

AJAX

Nov. 5/79

- with Dave Silversides (Geoff)
- pilot (Northern Mtn - Terrace) - Ian Swan
Fred Meyer - in charge (Climax)
- Kitsault
Rick Hume - geologist

~ 380 men on job
- roof almost on new office
& shop complex (just below
low grade stockpile)

- landed near camp & walked

~~Just above betterer ck.~~

Hnfls highly reached (pyt po)

best exposures of MnS_2 in major
creek

AJAX Sept. 29/08

^{TS} chat with Bruce McLeod

- will probably only
complete $\frac{1}{2}$ to $\frac{2}{3}$ drilling
(2500m?)
