Dear John:

Re: BRALORNE PROJECT

As part of my continuing study of gold deposits in British Columbia I would like to discuss the geology of the Bralorne project with company representatives and visit the minesite during the summer perhaps a couple of times. I will be moving from Smithers to Vancouver at the end of May and will contact the office regarding more specific plans.

Good luck this season!

Yours truly,

  
Tom Schroeter, P. Eng.,  
Senior Regional Geologist.
