

Nov 18/05

CRAZY FOX (ex-Demers)- 10km N of Little ^{East}Newmac Res. (under option from Bob Burdon
+ Lloyd Addie [Emerald Gold])

- Recent (logging) road built by Polo Ind. revealed ^{very impressive} ^{high grade} Mo showing, plus large float boulders (no 'obvious' min., but when broken open - loaded with dissem. Mo (in glt-rich intr.))

→ ~ 2 km N of original Demers (vms) target + adj. on south to anticline showing (which Newmac also holds)

- orig. (Sept) discussions with Bill Howell (proj. geol. working for David Hjerpe)

- quick grid + ^{initial} trenching in progress
