Re: Visit to DUSTY MAC Property

Dear Alex:

I would like very much to visit the Dusty Mac property on either August 5th or 6th in accompaniment with one of your staff geologists. I have had a self-guided surface tour previously and look forward to observing new data which you may be willing to show me.

At your convenience I would appreciate a contact name and telephone number so that an exact time and date of visit can be arranged. I will be in the Vernon area prior to this planned visit.

Good luck this summer.

Yours sincerely,

Tom Schroeter  
Senior Regional Geologist
