

[94F011]

EIF

Tues. July 23/86
+ 28°C

- with Bob Lane (MET Pr. Gen.)
- with Paul Baxter (Inmet)
- look at 'upper' showing (step)
(^{shuffet} pad above) [Ref. July 29/80 visit]

Paul Baxter (Inmet) still wants
to drill PIE c/s. (to North).

→ core racks fallen over (but repairable)
in 'swampy' area just up from creek.

Also. July 29/80
(see Cirque
file)
