

Morrison- Booker Gold has completed 3 holes in the core of the Morrison porphyry deposit and then suspended drilling (to promote the project during PDA).

Redcap (Taku district)- Xplorer Gold intends to carry out a full season program on its Taku district properties. Immediate work consists of Max-Min EM surveys to fulfill assessment requirements.

Homestake plans a comprehensive program, including drilling, on its new GIN claims near Red Chris . Stratagraphic and geochemical parameters suggest an Eskay Creek setting.
