

1041001

GOAT PASS

Sept. 10/96
Rain 8°C

- with Wojdak
- Tom Carpenter (for Discovery Cons.)
- did soil survey in July looking for gold → NONE (other than known in trenches - rare)

- Aug-Sept - re-sampled sections of previous core for gold = NONE ∴ NO drilling planned

8g/Au in 1 ddh to south end

Photo: Look NE over core + main ^{HILL} zone (below yellow tree)
[rd. into camp crosses Creek zone (4 ddh + tourmaline + little Cu)]

1989 - last work (ddh) - by Aurum Geol. on behalf of Integrated Res.

Current owner = Everest Mines + Minerals (+ Jim Miller - Tait - 'oversee')
