Message Re: Harrison Lk. Mass. Sul.
 Bruce - do you know any more info on this project?
 eg. - Minifile name?
 - work done/in progress?
 - Company name?

Mineral & Coal Notice of Work Summary Report - 2006

883781

Operator	Property	Mine No.	AP No.	Permit	Work Program	MD	NTS	Lat.	Long.	Manager	Phone	Fax
Clive Shallow	Cop	1500585	06-0426	MX-4-419	The program entail six drill holes and minor drill trails to access sites.		092I017	50.197	-120.613	Clive Shallow	(604) 922 2030	(604) 922 2037
Gary Brown	Ketchan	1500689			The program entails diamond drilling - 6 holes approximately 2000m. Up to 1100m drill trail will be		092H078	49.779	-120.541	Henry Awmack	(604) 987 7817	
NEIL FINLEY	Brian	1610013	06-0927	MX-7-142			092J012	50.109	-123.775	NEIL FINLEY	(604) 883 2434	
	Hushamu	1610019	06-0407	MX-8-236	Heli portable drill 4 sites all existing or on roads or in clear cuts.			50.720	-128.012	Darcy Baker	(604) 688 9806	(604) 688 0235
Darcy Baker	Hushamu	1610019	06-0803	MX-8-236	20 to 25 DDH with heli portable drill. Drilling on sites previously approved under 06-1610019-0407			50.720	-128.012	Darcy Baker	(604) 688 9806	(604) 688 0235
Paul Gray	CATFACE	1610059	06-0607	MX-8-238	Helicopter drill program 5 sites			49.252	-125.976	Paul Gray	(604) 688 7377	(604) 688 7307
Mike Doknjas	Virosa	1610130	06-0707	MX-8-222	400 square metres of trenching		092k04W	50.124	-125.942	Mike Doknjas	(250) 926 0358	(250) 926 0359
Alasdair Mowat	Bugaboo	1610150		MX-8-244	4 sites of interest to dig small trenches		092C068	48.658	-124.499	Alasdair Mowat	(807) 468 7374	(807) 468 9792
John Wilson	✓ Big Southeaster *	1610151			Pooposal is for four diamond drill core holes toalling 600 metres, from existng roads. *		092F017	49.148	-124.680	John Wilson	(250) 334 2639	()
Eric W. Beresford	Hamilton Lake	1610171	06-0608	CX-8-007	Infill drill program proposed. Three 3 seismic lines for a total of 4,700 metres with some grid est		092F055	49.585	-125.061	Eric W. Beresford	(604) 689 0489	(604) 681 5910
Wesley Raven	new? ✓ Harrison Lake Massive Sulphide *	1610314		MX-7-162	Seven drill holes proposed from 5 set ups totalling 1800 metres (300-metre holes). Drill mobilized b 4 - 8 driil holes. *		092H071	49.704	-121.814	Wesley Raven	(604) 608 0223	(604) 608 0443
Robert Krause	Molygold	1610324	06-0920	MX-7-163			092J045	50.425	-123.180	Robert Krause	(604) 685 5851	(604) 685 7349
George Nicholson	Molygold	1610324	06-0411	MX-7-163	Geo chem. 20 DDS, Camp, recent clear cut			50.321	-123.079	Warren Robb	(604) 785 6195	(604) 685 7349
George Nicholson	Crack Moly, Scuzzy	1610331		MX-7-164	Program consists of trail construction for ATV access (3 kilometres), geological mapping and geochem		092H081	49.819	-121.820	George Nicholson	(604) 682 1845	(604) 682 1816
George Nicholson	Honeybun	1610332			12 Diamond drill holes will test geophysical targets. Some drill pads will be blasted. 10 kilometres		092H091	49.932	-121.801	George Nicholson	(604) 685 5851	(604) 685 7349
Murray McClaren	Big Nic	1610334	06-0613	MX-7-165	No more than 20 line kilometres of magnetometer and soil sampling. Six helicopter-suppported drill		092H043	49.446	-121.569	Murray McClaren	(604) 986 5873	(604) 986 5873
	Emory Creek	1610335	06-0613	MX-7-166	Two grids: 16 kilometres and 6 kilometres with magnetometer, Electromagnetic and soil sampling surve		092H043	49.465	-121.563	Murray McClaren	(604) 986 3510	(604) 986 5873
Murray McClaren	Mount McNair	1610336	06-0613	MX-7-167	Program will consist of approximately 4 kilometres of induced polarization survey and one 1500-metre		092H042	49.468	-121.638	Murray McClaren	(604) 986 3510	(604) 986 5873
John Kozic	Kozic Group, Coyote	1610337	06-0809	MX-7-168	Clean-up existing road access. Sampling and trench is proposed.		092J055	50.513	-123.079	John Kozic	(604) 894 5695	()
Joel Blumenthal	Kinman Creek	1610340	06-0831	MX-8-240	Two to four core drill holes to a depth of 100 metres from truck mounted drill. All drilling from ex		092L036	50.347	-126.858	Joel Blumenthal	(802) 770 7155	(802) 770 7272
Byard MacLean	Iron Crown Mine Waste	1610341	06-0915	MX-8-241	100 metres of drilling in 8-10cm diameter rotary drill holes on two mine waste piles.		092L026	50.254	-126.845	Byard MacLean	(604) 329 1047	(604) 269 9337

Tom

This is Sutcliffe Resources

($\frac{1}{2}$ - JV partner International
Millennium)

No work this year except drill
Cads for 2007. Millennium didn't
'get funding in time, Sutcliffe blew
their wad at Beal Lake. - ZM.
