

HOMESTAKE RIDGE

Thu. Aug. 17/06
Rain/Clouds/Sun
+18°C

~ 6pm - 8:15pm

- with Paul Wojdak + Jill Pardoe

- Bravo Ventures - Marco

Branavenduro [Rib. McQuill]

Aggressive Drilling Hal Marsden ^{in office} ~~at site~~

- ^{Huber Baron} base camp - logging camp south of Meziadin

Budget: ~ \$1M Cu-Au target
~ 3000m = end of Phase 1

up to 20 people (2 drill crews,
pad builders, geos, etc.)

- landed at old adit - ^{Nick Carter} + ^{Collison} ^{Dwright} ^{Abce Am}
(30 yrs. ago with ^{Collison} ^{Dwright} ^{Abce Am})

↳ on Vein above - dips ~ 75°

(the more cpy - the better the Au)
+ minor PbS + ZnS + tetrahedrite

Last work was by Noranda ~ 1996?

- on steep slope - SW end, across
western valley glacier - just W of Kitsuatt Lake

- last stop at lowest point (pad) downslope
(See 2005 Release for maps)

884051

HOMESTAKE

Aug. 1960

Cloudy 20°C

- chat with John Thompson (Teck)

- Teck (Randy Farmer) had "just" staked the property, at the head of the Upper Kitsault R. (liked property for years)

- Eskay Creek potential?
- Red Mtn. pot.?

[later Pinsent + Wojdak to visit end Aug. as part of North Coast CRTI proj.]

HOMESTAKE RIDGE Nov. 1962

Chat with Fred Daley

- no "significant" success, but still very 'keen' on area.

Interest by other companies (i.e. 2003 - work by either TC or Joint Venture!
