

during REG
field trip

HOPE

Sept. 25/78

- discussion (H rocks) + Werner Greenfield
- new logging road showing (VMS / skarn) between Goldbridge and Pemberton (NNE of Owl, Tenquille Lk. showings)
- Werner gave Catho rpt. / data
- will request copy to TOS
- Request, TOS + Pincent to examine
- Banded (bedded?) massive PX + Zns in sericite schist.
- Also - magnetite skarn nearby.
