**Ministry Projects:**

- **Mid-Island Geoscape Project:** Coal Mining Panel compilation completed; copy posted in boardroom for comments.
- **Technical Liaison Committee:** Meeting for T.L.C. (for Geological Survey Branch) set for May 3 in Vancouver; J.Houle to attend and to complete Regional Geologists' Report, including comparison to Ontario Resident Geologists Program at the suggestion of Ron Smyth; prior contacts in Ontario program contacted for information; draft report to be issued early next week to Regional Geologists for comments.
- **U.B.C.M. Regional Meetings:** Meeting set for May 9-11 in Harrison Hot Springs; J.Houle / D.Jakobsen to coordinate attendance and displays/handouts on behalf of Southwest Region Mines Branch.
- **Harrison Lake Area Staking Rush Update:** Updated map in Corel for staking rush east of Harrison Lake; over 1000 claim units staked in 2000/2001 in this area targeting primarily gabbroid intrusion-associated Cu-Ni-PGE mineralization north and west of the past producer Giant Mascot Mine.
- **2000 Assessment Report Review:** Reviewed 15 assessment reports from late 2000 submissions; forwarded to Vancouver.
- **2001 Exploration Activity Forecast:** Commenced compilation of 2001 Exploration Activity; major projects (> \$100,000) are expected to at least double in number from 2000 level of three, which was an all-time low.
