I have re-thought my schedule for July and now feel that I can and should be present at the VIMDRC meeting in Port Hardy. I would still like to see Tom Schroter, Senior Regional Geologist from Vancouver present as well. Tom has specific province-wide responsibilities for our Branch on the issue of mine closures and he will provide important continuity for us re. Island Copper after I've gone to Nelson. We will also fit in an extra day to visit with Moraya Resources. Tom and I both strongly prefer that the mtg be held on July 3<sup>rd</sup> rather than July 2<sup>nd</sup> - neither of us is keen to travel on the Canada Day stat holiday. Please confirm the date and your approval of attendance by both Tom and I.

REPLY:

attendance by both Tom and I.

REC'D MAY 28 1991  
NANAIMO, B.C.

Dear Mr. Bone,

Island Copper is unable to host a meeting of the VIMDRC on Thursday, June 13, 1991, due to labour difficulties at the mine. We would like to reschedule the meeting for either Tuesday or Wednesday, July 2 or 3, 1991. Would you please advise if this change is acceptable.

For our meeting date would you please provide a list of those members attending, so that adequate transportation, meeting and catering arrangements can be made.

I have taken the liberty of drafting an agenda for the meeting. Your comments, including items you wish to be discussed, are welcomed. Three of Island Copper's five member Technical Advisory Committee will be joining the meeting. It is our desire to discuss several of the technical issues, in the afternoon roundtable session.

I await your comments and look forward to meeting with your committee on July 2 or 3.

Yours truly,

*S. Fuenzalida* (Sergio)
