TXL claim, Franklin Mtn. Camp.

- chat with Dalton Dupasquier, New Cantech Vent.
- in 2003, Tuxedo, Res. started to drill one hole as part of its \$150k "Franklin Camp" project. Never reached target before terminating, due to management (+ \$) problems [Linda Caran]
- ~~back in~~ Newmont had dug large trenches previously ('00?) + limited drilling
- target is porphyry / skarn (Cu-Au)
- most of area has been logged over past few years
- TOS visited with Linda Caran in 2003.
- DD is trying to acquire (option) - will drill (from owner - Jack Carson of Grand Forks)
