Dear Mr. Schroeter:

You may remember me as the person introduced to you by Nels Vollo of Placer(Craigmont) on April 14, 1981 when we met at the "Precious Metals Conference" in Vancouver. At that time I discussed with you the old "Whitesail" of "Deer Horn" gold-silver prospect near the western edge of Tweedsmuir Park, and you were most cooperative in that discussion.

At that time reference was made by you (and earlier by Vollo) to the fact that the Park was subdivided into several relatively more sensitive "Conservancy Regions."

As yet I have not seen a map outlining these regions and would much appreciate learning where a copy of such can be secured. Could you help me, please, with this request?

Yours truly,

Franc R Joubin
