Dear Gentlemen:

**Re: CANADIAN INSTITUTE OF MINING, METALLURGY AND PETROEUM  
(CIM) - ANNUAL GENERAL MEETING, Vancouver, April 28-May 1, 2002**

It is my pleasure, on behalf of the **Geological Society** of CIM, to invite you (+ co-authors), on behalf of Eastfield Resources Ltd., to present a paper on the geology and mineralization on some specific or general aspect of the **Lorraine-Jayjay Project** area at next year's Annual General Meeting (AGM) in Vancouver. The specific date would be **Wednesday, May 1, 2002**. As you probably know, the AGM comes to Vancouver about once in every seven years, so it represents a great opportunity for you and your company to 'profile' this very important Cu-Au-PGE target. I will leave the title of your presentation up to you. I would very much appreciate confirmation of your presentation **at your earliest convenience**. I will require an Abstract by sometime in late November, in order to meet publication deadlines (maybe I can buy us a few more weeks?).

I thank you for your attention and hopefully - your commitment.

P.S. Continued good luck with the drilling this year!

Cc: Giles Peatfield, c/o Eastfield Res.

Yours sincerely,

Tom G. Schroeter, P.Eng./P.Geo.  
Senior Regional Geologist  
[VP, Geological Society, CIM]
