- Meet in HB ED office Van:
GSB HBED
 Schroter Ed Yarrow Gerry Bidwell
 Bobrowsky David Cass (new Mgr) (Field Mgr)

- probable base in Wells
 (Note: HBED did work at Mosquito Cr. in mid-80s)
- Formal deal still not signed (only a formality?)
- Steve Cook to join HBED as chief Geochem.
- Plan to bring ^{HBED} geophysicists to BC in spring
- Plan to have Steve Enns do regional mapping
- Want advice names from Bobrowsky re- contract
 till geochemist, geomorph; terrain etc. (1 person)
- Bobrowsky to spend up to 2 wks. Sp. Friends.
- EX - "HBED has big plans for region - not just optioned areas"

HBED - very 'accommodating' with usual 'confidentiality'

LOTTIE

Oct. 30/00

- Ed Yarrow & Tom Lewis (HBE)
- no 'success' in drilling (upslope from flat ^{land})
(i.e. drill wrong target area?) - fell
glacial cons. (Roger) misinterpreted
glacial movements
- want to find 'source' (directly)
of felsic volcs. + chert
- i.e. drilling intersected mostly
matrix volcs. + sels. (argill.)

Bob Lane (Oct. 30th)

- drilled 5 holes totaling ~70m.
