

Photo: Looking ENE over DDH #3

Dominion Coal Block 73 in  
bkgd. - Need (future) to deal with  
First Nations - potential  
by 25 yr or more life - need

Excellent access road - brushed out  
previous (Esso) overgrown roads  
(~1 hr. drive in)

→ old access rd. thru Block 73  
would be much faster (eg. 15 min. vs 1 hr)

Photo - Looking SE over DDH #6

Note: Had to pull out ~140m of drill rods  
because they were drilling in wrong direction!  
(i.e. down-dip)
