Brad: Thanks. Thanks as well to you and Don for the tour. We also had a very interesting tour at Elkview.

We spoke to Pat about those maps and he is aware of and uses the Preliminary Map I was referring to (BC Ministry of Mines Preliminary Map 24). I informed him of the GSC compilation of the Crowsnest coalfield (Fernie Basin) by Dawson and Ollerenshaw and he is going to follow up.

Regards,

Dave Grieve

<<Brad Pisony>> In lieu of not having any business cards, attached is my V card.

It was nice to meet you yesterday. Hope your tour at Elkview was good.

Please forward any information on obtaining the maps we talked about.

I will send a PPS file of a Coal Mountain presentation I did at CIM 2002 in Vancouver. It is rather large (15 megs), I hope it won't bog down your email systems.

Brad Pisony

Thanks very much for your card and the other 2 files. Hope you didn't get too soaked on the Wed. Nice to meet you and good luck.
