<GMCLAREN AT A1 AT GALAXY>

Tom, I noted in your March monthly report the mention of the Mega Gold project just north of Fish Lake. Do you have any written information (promotional or otherwise) giving overview, location, extent of claims (i.e. is there anything on the shelf that you can send over??). Fish lake is a key factor in our chilko process and I would like to keep tabs on any additional properties.

thanks, graeme
