Thanks, Dave. Next Tuesday would be fine, if tomorrow doesn't work.

Tom
Attached are assays for the specimens we borrowed from you - I have the polished specimens to return to you - I will try to drop them around sometime tomorrow
Cheers, Dave

Dave, Jim Logan (in Victoria) was kind enough to look at the age data you supplied me from the Metla property. Looks like we need to collect samples with good geological 'co-ordinates'. Hopefully, I'll get to the property this summer. Please keep me informed.
