SOUTH-CENTRAL DISTRICT MONTHLY REPORT DECEMBER 1990

DISTRICT HIGHLIGHTS

* **REVIEW 1990** Highlights of the Mineral Exploration Review for the District are attached.

MILA
* **MILA Property** Goldbank Ventures Ltd. and International Suneva Resources Ltd. report an intersection of approximately 30 metres of Zn-Cu sulphide mineralization (not all massive) in a recent hole; Assay results not reported yet. Adrian Resources Ltd. is funding the project to \$200K, expandable to \$1 Million if results are sufficiently encouraging. (CONFIDENTIAL)

* Miscellaneous:

* At Bralorne, Coral Gold Corporation has sold its 30% interest in the Love Oil (Cosmopolitan) property to Avino Mines and Resources Ltd.

* High Frontier Resources plans to explore the Chip claims south of the Bralorne area;

* Minven Gold Corp. has optioned the Yalakom property, south of Blackdome, with plans for surface work and drilling in 1991.

* Mineta Resources have reported 1-3 g/t Au values over 1 to 10 metre widths from drilling on the Golden Loon property near Little Fort.

* Still waiting to hear if the deal between Bethlehem Resources and Nippon Mining has been completed.
