Dear Mr. Schroeter:

Re: Mt. Milligan Copper/Gold Project - Stage 1 Submission (April 1991)

I am enclosing a revised copy of my May 6 letter to you re the Stage 1 Submission. Unfortunately the second page of the original letter was incorrect in that it requested that you forward comments to Ray Ghosh in the Ministry of Municipal Affairs, Recreation and Culture. The revised letter asks that any questions be directed to W.A. Trythall or J.D. Robertson. I apologize for any confusion that this may have created.

Yours truly,

PLACER DOME INC.

W.A. Trythall, P.Eng.
Vice-President, Evaluations

Enclosure

Dear Mr. Schroeter:

Re: Mount Milligan Copper/Gold Project - Stage I Submission (April, 1991)

Please find attached for your review and comment, a copy of the Mount Milligan Copper/Gold Project - Stage I Submission. This report addresses issues raised by government agencies and other participants in the Mine Development Review Process (MDRP) during the review of our company's February, 1990 Prospectus. At the conclusion of that review, the Mine Development Steering Committee (MDSC) advised Placer Dome that the coordination of our company's Stage I Submission review would be handled by the Mine Development Steering Committee. The MDSC has provided Placer Dome with a list identifying the MDRP agencies, local governments, Native groups and public libraries to receive the Stage I Submission.

Mr. Norman Ringstad, Chairman, Mine Development Steering Committee, will shortly follow-up with a memo to MDRP agencies which outlines review questions and identifies a review deadline. Placer Dome would appreciate any efforts, within reason, to expedite the review and approval of the Mount Milligan project based on the Stage I review comments, particularly those which may indicate that additional information is to be provided. We will work with Mr. Ringstad, to establish a mutually convenient meeting date once the Stage I Submission has been distributed.

Continued . . .

If you have any questions regarding the content of the Stage I Submission, please do not hesitate to contact either J.D. Robertson, (Ph: 661-1557), or W.A. Trythall, (Ph: 661-3732).

Yours truly,

PLACER DOME INC.

Dear Mr. Schroeter:

Re: Mount Milligan Copper/Gold Project - Stage I Submission (April, 1991)

Please find attached for your review and comment, a copy of the Mount Milligan Copper/Gold Project - Stage I Submission. This report addresses issues raised by government agencies and other participants in the Mine Development Review Process (MDRP) during the review of our company's February, 1990 Prospectus. At the conclusion of that review, the Mine Development Steering Committee (MDSC) advised Placer Dome that the coordination of our company's Stage I Submission review would be handled by the Mine Development Steering Committee. The MDSC has provided Placer Dome with a list identifying the MDRP agencies, local governments, Native groups and public libraries to receive the Stage I Submission.

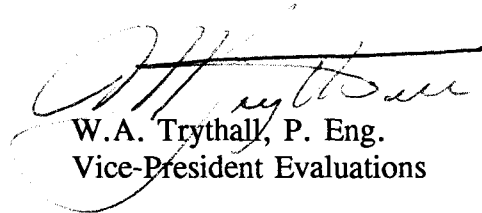

Placer Dome would appreciate any efforts, within reason, to expedite the review and approval of the Mount Milligan project based on the Stage I Submission. We are prepared to meet with key MDRP agencies to gain a preview of Stage I review comments, particularly those which may indicate that additional information is to be provided. We will work with Mr. Norman Ringstad, Chairman, MDSC, to establish a mutually convenient meeting date once the Stage I Submission has been distributed.

Continued . . .

If you have any questions regarding the content of the Stage I Submission, please do not hesitate to contact either J.P. Cooney (Ph: 661-3737), or W.A. Trythall (Ph: 661-3732). You are requested to forward comments on our Stage I Submission to Mr. Ray Ghosh, Programs Section, Development Services Department, Ministry of Municipal Affairs, Recreation and Culture, 4th Floor, 800 Johnson Street, Victoria, British Columbia, V8V 1X4 (Ph: 387-4042), by no later than June 28, 1991.

Yours truly,
