Thanks, Julia. I look forward to receiving the 2003 "mineral footprint" and Mineral Zone maps when they become available. I'm particularly interested in using the coloured Longitudinal View, as well as the Surface Plan of Mineralization. Continued good luck with the project.

Good Morning Tom,

I hope you had a chance to review our 2002 Annual Report that was sent to you last week.

Attached please find the latest Afton Drill Plan. I understand that you do use some of our maps for your presentations periodically. I had made a note to send you the new footprint and Mineral Zone maps as they become available.

Regards,

Julia Young
