Gerry,

I have sent this email to ~75 recipients – trying to wake them up on Bralorne.

Note there is a release out today on the Gibraltar expansion.

Cheers, John

**Subject:** FW: Piebiter Property - Bralorne Camp

Good Morning David and Myron,

This is an update on our holdings at Bralorne – the Camp seems to be showing signs of awakening with these higher gold prices.

Best regards,  
John

**Subject:** Piebiter Property - Bralorne Camp

Hi Bill,

Thank you for meeting with me this afternoon. I found the meeting interesting and informative.

As promised, I am sending you the information on the Piebiter property in the Bralorne Gold Camp. Note that there are nine known BCGSB mineral occurrences (some very significant) on the 2,886ha Piebiter property.

Best of luck with the current BPM drill program near the Bralorne mine.

Cheers,  
John Chapman  
604.536.8356

PS. I will continue to keep you and Nick Ferris informed of Piebiter activities.
