Coal-Vancouver Island.

The latest from Compliance Energy. You were right - dropping by the office worked.

Bruce,

Sorry I missed you when you dropped by.

In 2006 we concentrated on the Raven property. We did not continue exploration on Bear.

On Raven we spent approximately \$2.1 million and completed:

- a 12 tonne bulk sample
- 12 drill holes totaling 2850 meters, and
- 21 kilometers of high resolution seismic ( 7 lines @3kms each)

If you need anything else please give me another call.

Sorry for the delay in responding.

Regards,

John Tapics

President & CEO
