Raven-T'sable

Hall - Feb. 13/98

* T. Hall is meeting today with RDN, MOTH and MMAH to develop terms of reference for an aggregate study to be completed by end of 1998.

* A permit has been issued to T'Sable River Coal Corp. for a 90,000-tonne bulk sample project on the T'Sable River coal property; it is not expected that work will commence before April '98.

* B. Bone reports that Lafarge Canada is doing due diligence with respect to the possible purchase of the Holnam Industries limestone quarry on Texada Island.

Ted Hall
