Re: Revelstoke Photos

ACTION

Hi Tom,

On the enclosed cd are a selection of photos from the Revelstoke area, Ruddock Creek, Kneb and LJ Properties.

The LJ are labeled LJ..., the Kneb.... And the Ruddock are the rest, a selection from various files including old ones with the years dates, ie: RC-E-63 is 1963, RC75-4 is 1975.

The deep offset discovery best photos are Rud005, 006 with Jim Chapman, myself, Gordon and Ted Muraro with the intersection, Bruce Mawer and Jim were the geos on site when the offset hole was drilled (Gordon, Ted and myself showed up to drink beer and golf).

Another good shot is 009 with Ted and the intersection.

Give me a call if you have any questions.
