SATURDAY LAKE PROPERTY

EXPLORATION PROGRAM PROPOSED - 1973

FRIDAY LAKE GROUP - follow up is planned for the summer of 1973
(see Page).

THURSDAY LAKE GROUP - No further work is planned

SAT CLAIMS - A program of detailed geologic mapping and stream sediment sampling of the "Sat" claims is proposed for the summer of 1973. Upon outlining the extent of biotite-feldspar porphyries and assessing their potential for mineralization, soil sampling and an I. P. survey may be warranted.
