

SHAN
287449

SHAN (area) Oct. 30/06

- tel. conversation with Lindsay Bottomey (BCM Res.) (Friday Cold tel. #)
- Property (1 of 4) under option from Nick Carter
- Located south side of Shannon Cr., between Kitzelas Mtn. + Pitma, ^{~20 km} NE of Terrace.
- 1st drill hole looks "very good"
- New discovery - "SW zone" ~ $\frac{3}{4}$ km to SW of 'main' (previous) target area
- Site visit with vendor (NCC) + BCR + Paul Wojdak + Jim Mustard (Haywood) - planned for Thur. Nov. 2nd.
- Other ^{Mo} props: a) Molybdenum Cr. - 2 short d.d.h. in '06 (needs much more work - couldn't drill in area wanted to re access logistics)
- b) Lorne - North of Shan
- c) Alder - On Niagea land (not so enthusiastic about) (LB)
