PEARL (2)

# SILVER LAKE

Wed. July 11/01

- with Mike Cathro (+B)
- Ron Wells (Cousin)

Sunny + 32°C

1) Worldstock; 7 ddkh ~ 1600m  
 ~ N-S line along ~ 500m

2) DISCOVERY 'A' + 'B' <sup>Ron Wells</sup> <sup>Paul Watt</sup>

- massive cpy (up to 12% Cu)  
 + gtz. 'knots' in till along  
 jogging rd. (to Portage Lk.)

Host rocks in region = augite  
 ands. (Nicola) + minor cpy.

- looks more skarn-like than VMS  
 - just starting excavator trenching  
 to find source of massive sul  
 boulders in till.

- talk with Ab Ablett (Amex Expl.)  
 Re: Min. of Forests (Barnier) cont'd

- Randy Reiter (area supervisor)

672-9911 - Michael Bragg (Divisional Forester)

- Larry Miche son

→ Lewis Creek rd. - 'CrossOver'  
 rd. bridge (E-W) - repair/remove

- Mines 'needs'

M. M. Sed. 2/7/76

SILVER LK.

Sunny + 1/2c

- BOK - minimum work

- grid on <sup>New</sup> World Stock

Fri. Sept. 25/98

REG "Little Fort" FIELD <sup>Cloudy, rain, sun</sup>  
→ see HANDOUT + 15°C

STOP 1 Cedar Ck.

Recent work  
by Werner  
Greenwald (1985 - Craven Res.)→ SILVER  
LAKE  
(PGA)STOP 2 Intrusive-hosted (Fort Knox)  
lodgement Till (in bush from rd, cut) style.

- key are gtz veinlets in
