

SIMLOCK CK. Oct. 7/08

- chat with Doug Symonds
- "Very pleased" with success
- Vein-mesothermal style (à la Cariboo - Hudson mine)
- visited last week by Bob Lane
- est. '98 budget ~ \$0.1M ✓_{TGS}
- good trenching results, following up on Au soil geochem
- next phase (\$ being sought) = TP.
- tested up to 1000m strike
- work incl. const. of 500m of new road
(compliment to Forestry ^{and others} for approvals)
