PLAN

min.

Min. 'zones'

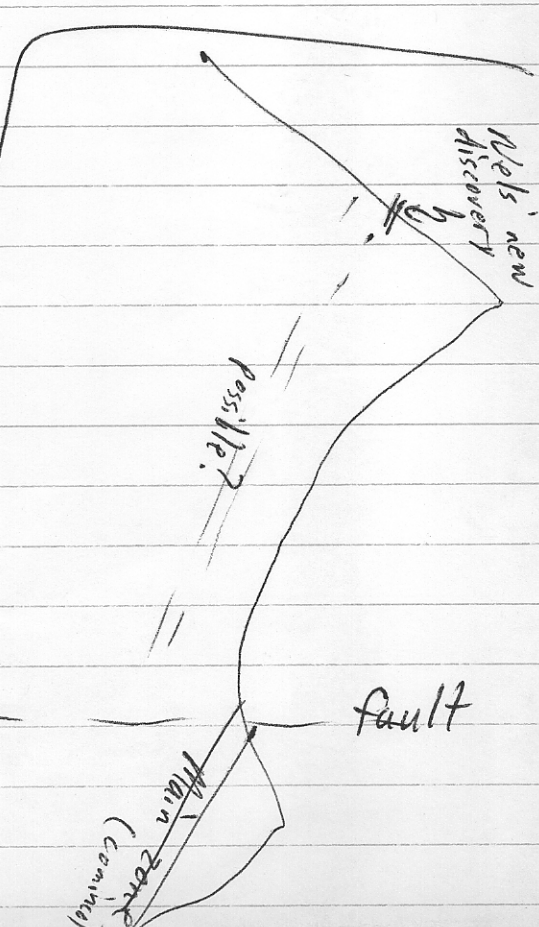

no. min.

Section
Main zone
~ 1 m. tons of 2% Cu

Dip ~ 30°
Excellent volcanic stratigraphy
+ marker beds.
- drilled ~ 200 ft. below
a marker horizon + found
no ore.

- all continental
volcs.

Nels thinks too small
so will give back to ^{Campano} "hold" position.
unless can have

fault

possible?

Nels' new
discovery

Main zone
(Campano)
