

Hold a canoe
 Stop sign
 and detour around
 Bridge to
 ELO ROAD

Tom - Take the gravel road
 out of Port Clements and
 go out to stop sign about
 10 miles from town. From
 there turn left and stay
 on the main gravel road
 until you go by Marie
 lake about another
 10 miles from the
 stop signs. You will
 have crossed 2 bridges
 by then. After you
 pass by the lake keep to
 your left all the way
 to camp. If you cross a
 3rd bridge after the stop sign
 you have gone too far. You are
 welcome to spend the night out there
 if you wish but we don't have an extra
 sleeping bag. It takes 3/4 hour one way to
 over

CAMP

drive. If I don't see you
out there tonight I will
look forward to seeing you
tomorrow morning. You should
leave Port Clements no later
than 7:30 in the morning
in order to avoid getting run
over by a logging truck.
Road is open to traffic after
5pm but you can drive
it during the day if you
are full.

See you soon
Gord.
